## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of Swanzev :

I have the honor to submit, herewith, my twelfth annual report.

**BUILDINGS AND GROUNDS:** During the summer, Smith chemical toilets were installed in the East Swanzev school. This is a much needed improvement which has long been crying for attention. The Westport school building was painted and the playground was improved. All of the other buildings were cleaned and such repairs made as were needed. There is a probability that Keene city water will be extended to North Swanzev and, if and when that is done, it would be the part of wisdom to connect the Hopkins school to that system.

**TEACHERS AND PUPILS:** There is but one change to be noted in the teaching staff. Miss Dorothy Dodge of the Wilcox school resigned to accept a more lucrative position in Claremont. Her successor is Miss Anna E. Johnson of West Springfield, Massachusetts, a graduate of Westfield State Teachers' College, four year elementary curriculum.

The enumeration of the school children shows the following facts: Number of children (5-16) enumerated and to be accounted for in schools, 443; number of children (5-16) attending schools in District, 393, over 16, 1, making a total of 394; number of children (5-16) living in district but attending high school outside, 49; number of children (5-16) living in District but attending elementary school outside, 2; total number of children (5-16) accounted for in schools, 444; number of children (5-16) reported above who live in other towns, 1; total number of resident children (5-16) accounted for, 443; number

of children over 16 attending high schools in other towns, 46;  
total number of children attending school, 490.

The schools are equipped with modern text books in every subject and all other necessary equipment. The work of the teachers and pupils compares favorably with the work of other schools.

The schools were given an opportunity (but not urged) to contribute to the urgent request of the American Red Cross for funds needed for relief in the flood disaster along the Ohio river. I am happy to report that a total of \$44.95 was turned over to the local Red Cross.

FINANCES: Due to the passage of new Municipal Bond Act by the 1935 legislature, the demand notes issued by the School District will have to be refunded. Article nine in the warrant is to authorize this change and the article will necessitate the assessment of \$500 for "payment of principal of debt."

For the cooperation that has been accorded me by the School Board, parents, teachers, and pupils, I am indeed grateful.

Respectfully submitted,  
WESLEY H. DOUGLASS,  
Superintendent of Schools.

February 9, 1937.  
Winchester, N. H.

“The school cannot do it all. The parents, the grandparents, the community, the homes, the use of leisure, the play, the church, the library and countless other agencies are at work quietly but surely in the tremendous movement called education. There are twenty-four hours in a day. The child spends at best six hours in school, five days a week, forty weeks in a year. He spends eighteen hours outside of school, seven days in a week and fifty-two weeks in a year. No, the school cannot compete! The handicaps are too great. It must be together, child, teacher, parents, home, community, and church. All need the school, but even more does the school need all the other helpers. Educating boys and girls is the biggest job in this land of ours. It is too big a job for the schools alone. Confidence and faith are at the base of all cooperative endeavors. Children, teachers, and parents must cooperate.”

ANGELO PATRI.
